Virginia Wren - Business Development Manager - Illawarra ITeC

Virginia Wren has been employed as Business Development Manager at Illawarra ITeC since 2003. In this position she advises business clients on how to grow their business and realize their full potential for real economic growth. She does this through one-on-one mentoring, training and running various business educational events.

Prior to this Virginia held the position of Executive Officer and Programs Manager while working at the Illawarra Area Consultative Committee. In this position Virginia was involved in regional and economic development, working with key stakeholders in community and government organisations.

Virginia has held various management positions including Regional Manager for the then Commonwealth Government Department of Employment and Workplace Relations for a period of 14 years. Again working with small business, community and training organisations in the Illawarra, Far South Coast, Sydney and Coffs Harbour regions.

Virginia's education includes studying at the University of Wollongong in both Marketing and Management and she continually encourages her small business clients to continue on their educational journey to help grow their skills.

She has had extensive experience judging for the IWIB, IBC and IWSLP Awards. Virginia has been recognized by Rotary with a Vocational Service Award. Virginia is also a JP.
