interior design – HOME - lifestyle – property – travel – public speaking

MITCH and MARK - the duo that is becoming Australia's stand out couple associated with style, luxury and joy of life!

Winning The Block 2021, for many, they first became front and centre after appearing on The Block in 2019. The audience quickly connected with Mitch and Mark, their innovation, strong relationship and zest for life, meant they remained ahead of their targets delivering amazing design with well-planned living spaces - all while treating each other with respect and enjoying the journey.

This continued in 2021 when they delivered the fastest room ever completed on The Block, even when they had to design the complete house floorplan themselves.

Delivering the most innovative changes ever in the Block history, they took on tasks never previously seen before on the show, creating unique and beautiful spaces, including their master bedroom transformation in 2019, and the amazing spa room in 2021 (the only below ground bathroom ever on The Block). Audiences were not just wowed by Mitch and Mark's room reveals but also their fashion choices - Mitch in his bold and flamboyant style while Mark became known for his classic sophisticated look.

As experienced renovators and property flippers, what started as a necessity to 'get ahead' in life for Mitch and Mark quickly turned into a passion for property, design and making spaces glamorous.

Since 2005 Mitch and Mark have renovated over 20 properties, ranging from cosmetic changes to complete rip-outs and rebuilds. Their experience means they have the know-how to plan, renovate and flip properties, ranging from small apartments to delivering the most viewed house on the biggest Block ever in 2019. They returned in 2020 as Allstars to help Harry and Tash, and then were back in 2021 as Faves, creating a design dream with no floorplans, and taking out the win on Auction day.

Their extensive experience and background in design, along with a wealth of experience in marketing and strategy, means they know how to work creatively with products, executing the look and feel of high-end design on an affordable budget. On The Block who can forget the incredible haven of mid-century design and endless possibilities created by Mitch, working with supporters and suppliers, reinvigorating the social buzz for brands. Then in 2021 the boys delivered the polar opposite in a soft, beautiful and sophisticated coastal look in Hampton (Melbourne) which wowed the audience and demonstrated their diversity in style and design.

Mitch and Mark's television career started when they first appeared on Aussie Property Flippers (Channel 7), and was cemented on The Block 2019, 2020 and 2021 (Channel 9).

interior design – HOME - lifestyle – property – travel – public speaking

Their experience in front of the camera, working with media, managing interviews and public speaking, give them confidence to engage with an audience to entertain and inform while representing brands with integrity and enthusiasm.

Mitch - With a background in marketing and communications, always looks for, finds, and shares the Joy in life. His enthusiasm, flair and creativity make him an innovator in the marketing industry and 15 years ago he turned his skills and abilities to focus on property and design. Always keen to 'get ahead' he knew property improvement was an opportunity and tapped into Australian's desire for high end, quality design that is affordable. Mitch, a qualified interior decorator, brings fun, high energy, and a large dose of glamour to everything he does, inspiring those around him.

Mark - Having many years' experience working with people, being a strategist in corporate life, and with an education in psychology, Mark brings to renovations his planning, project management, and understanding of people. In 2005 he met Mitch, and not long after the pair decided that property improvement was the way to create a better future together. With no prior experience Mark dove into their first project, and overtime he has created the process and model used to achieve 20 renovations in 15 years. His experience helps him understand the personal barriers and strengths that affect successful renovations.

Mitch and Mark are now dedicating all of their energy to their brand, and together Mitch and Mark continue to drive their design business. At the end of 2020 they launched their new brand 'Mitch and Mark HOME' aimed at enhancing home interiors with their range of especially curated essential oil Candles, homewares and design.
